## Sanctuary Stage Lighting

We are in the process of upgrading our sanctuary stage lighting. The 40-year old fixtures have worked well but are at the end of their life-span. In the replacing of these lights we are looking to move to newer LED lighting which will save us money by greatly reducing our electrical costs. The OIC is working on a plan for this project which will then go to the church board for their approval. You are invited to give to this important board approved project.
